

A BAYS MOUNTAIN PLANETARIUM PRODUCTION.

THE CASE OF THE DISAPPEARING PLANET

This kit includes everything you need to create your own, exciting planetarium programs. Formats supported are: "classic" slide-based with DVD video, single data projector portables, and full-dome video.

- You will receive all the digital content on DVDs complete with:
- DVD video (two versions: traditional & enhanced with all visuals). Both versions also include subtitles of the entire script.
 - High-quality, professional soundtrack.
 - High-resolution digital still visuals in four formats including masks.
 - Complete video & stills to create your own full-dome video presentation with alpha channelled assets.
 - Fully-annotated script.
 - Slide visuals list.
 - Trailer ready to customize for your facility.
 - Huge poster ready to customize for your facility.

A radio announcement... an excited phone call... and our sly gumshoe, Skye Watcher, is on the case. Explore with Skye and discover what happened to the ex-planet Pluto as she tracks down clues that stretch back hundreds of years! Audiences will have great fun with this brand-new, unique program that looks into the changing status of planets in our Solar System.
